
NOT MEANT TO BE...?

CHAPTER 1

DREAM

Dream played and paying a major role in my life. Dream makes a person ideal. My dream may not be different from others. But like others, my dream is special for me.

One day far in the future I need to be independent like others. I want to play a major role in the evolution of next generation A man who conquer the hearts and a man who has the knowledge of the world. Like other I want to be a person a who destroy the unnecessary expectation. Man, who destroys caste, religion and other fucking ideologies from himself. The person who breaks the rule of ancestors. My dream makes me who I am today. Today I am just a boy who is in the path of becoming a man.

My major dream about the future started when I was studying in the 10th. It was just a dream of a boy of 10th. But those dreams become stronger and stronger every day and every breath. I may not achieve the aim. But I was chasing the dream from that age till today it doesn't change. It became stronger and stronger. I am miles away from my end point. Also, we can say that there is no such point. A person has endless desire. But today I am nothing. I am not working for my dream.

I like to decide my life in my-own way. "MY AIM IS NOT TO BECOME FUCKING RICH... BUT TO DECIDE MY DAY IN MYOWN WAY". People around used to say that if you want to become something..... study very well. I don't want anyone decide my day. I want to educate my mind. I want to educate my soul with knowledge. I am person who have a normal childhood like others.

I have my own ideologies, my own reason to hate, my own reason to love. I don't want to end up like others who give-up in the half way. I don't want to be looser who chased the dream and give up in the way. Atleast I want to try to achieve. I am not able to see my destiny why because I am far away from there. For 2 years I am in the same position not even a inch I

have move. I have planning to take my next move for a long time. I knew that if I take that step there is no turning back. There will be no time. I may have to run after taking that step.

I have everything in my hand but I don't have the knowledge to use it in the proper way. I think now I know how....

I am asking myself a question for a long time "who are you....?" Which I still can't answer. The answer I am searching will change according to my desire. I desire to be a person that can make others happy. I want to take part in others happiness.

I want to make my parents be happy in there last days. Every person in this world, at first he is known as SON OR DAUGHTER OF SOMEONE. But for every parent they have a desire of people identifying them as FATHER OR MOTHER OF SOMEONE. There is a huge difference between these 2 dialogue will know the truth one day. It may look silly for others. When a person become parent this will be there desire but they will never let others know about this. Because it is never meant to be told. It is something we must understand.

I like to be the first trillionaire (an individual with a net worth equal to at least one trillion in U.S. dollars or a similarly valued currency, such as the euro or the British pound) in the world. That point is nowhere near. I have to work harder than I have to. I want to contribute knowledge to people who need it.

In the past 2 decades there have been a lot of changes happening around us. Mostly in the field of technology. In 90's there no youtube, there was no facebook, no such things like now. All these things and everything is invented in someone's mind. They worked for that idea. That's why we all have such things to make our life so much easier. I also want to take part in something that can make a revolution.

One day I will achieve. If I don't, then the meaning of my life will end(current).

IDEOLOGY

I will not say I am a not believer. I do believe in god. Not in religion and caste. I have my own reason to do so. These religions are made for economic stability. But today it is not. There are lives that are buried because of those unnecessary belief. There are people who lost their love because of such belief.

In Love, the religion, caste, and other things have nothing to do. Every-one are independent to believe in their own ideology but it has nothing to do with your partner. Your ideology and your belief is yours, and yours only. It doesn't have anything to do with anyone.

If you believe in an ideology and if you also want your partner to be like that THEN WHAT IS THE MEANING OF LOVE.

Every god that exist in the world exist because of only one reason that is "HOPE". Hope is the only thing that take us to the next day. Noone is sure of anything it is the hope that make as live. No one is sure of sun rising tomorrow it is HOPE that make us belive.

I believe in jesus , I believe in bhudha, I believe in everything. Jesus, bhudha, odin, horus, krishna, allah, zeus,..etc.. are one for me. They share the same ideology thing it's HOPE. Believing is there choice to make. But over belief is a kind of slavery. I believe in everything. I respect everything. I believe that these all ideologies have different lesson to teach us. It teach us how to behaviour, it teach us how to think. It always help in the development of a person. It is all about how we consume the knowledge in these ideology books.

GOD

According to me god is not a person. It is the presence of positivity. God is knowledge the that make us determine truth and false. I experienced the presence of god when I was studying in 10th standard.

I woke up early in the morning like 4'o clock in the morning. I woke up and run to gym because I was too late that day. I arrived at the gym and do my workout like everyday. It was a Saturday morning. I can feel the freshness , I can feel my body being ready for fight which s never going to happened. I take my cycle and started peddling back home. There was gap of 2 km between my gym and my home.

At that time I was thinking about my future. How am I going to fucked up in the coming days...? While I was riding the cycle I suddenly passed a old lady who have some body problems. There is a lot of firewood in her hand. Her leg was like C. I don't know why but I braked suddenly. It takes almost 10m to stop the cycle. I suddenly turn around. and she asked for help...

She asked: "monaa...ee kat aa vtloott vakamoo anaa konduu pattum ene thonunilaa... mon onn sahayikamoo".

I was not ready to do because I was just enjoying my fresh morning. With half mind I approved. And I take that firewood which was heavy take those to the house which was 40m away from her. The house was a small house very much narrow. I walk back to my cycle where I

live it. The old lady was at the same position. Half of my freshness was lost. When I take the cycle back she say that

“MON VANATH ORU SAHAYAM AYI..... ANNUM ARALLUM VARRUM DHAIVATHA POLA... MON CHAITHANATHIN DHAYIVAM MONAA KAYII VIDILLA”

Those words was just a words to her and to someone who here it. But it give me positivity those words is GOD. Why because I was have that freshness for a long time. Even now when I remember those words I get freshness that can't be explained. That words which came from nowhere give me a freshness , those words make my day.

If there is a god it was there in those words that came out of no one to me.

I still believe that god may appear from nowhere not only as a person but as energy, as words, as action, as eye movements, as silence..... I believe that it is us that act as god for others in different way.

There is no difference between these religion. It may look different from the view but it has the same taste. It is the love that make us one. That love itself is the god .

Don't let this ideologies conquer your mind. Let these ideologies make you a better person. A person has the ability to take the better decision.

In a big room covered with darkness, it just need a small candle to light up the large room.

IN MY LIFE I WANT TO BE THAT LIGHT.....

LOVE

I am also a person who want to love and a person who wants to be loved. Every person have there own expectation. Love is something that make as powerful, stronger and etc. and I the same time it can also make a person weaker, broken and etc. Love is the only force that have both the abilities at the same time. It's ability change according to the condition.

To be in love you don't have to be in relationship. It is a feeling or force that came from nowhere. Happiness, joy, pain, suffering, disappointment ...etc. are part of love. Love act as differently for different people.

I am person who is never meant to be in love. Like every others, I have my own expectation about my partner. In my point-of-view it's a friendship between 2 people. I can say anything to that person without any hide. Love is a way of communication that happened

between two individual through talking, feeling, eye contact and in many other way. Love have different kind of form.

Some people believe in love at first site. Some people believe in the communication between two person and so on. I am a person a who want to love and to be loved. I want to stand with my partner's side always. I want her to be in my side always. I want to support her decision in her darkest time. I want her to be my love of my life. If we love each-other I want her to trust me like I trust her. I want her to be the prettiest in her own way. I want her to have her own dreams. I want her to love be without considering the stupid religion and other stuff. I want her to trust and respect my dreams and my own ideology like I trust and respect her ideology and dreams. I want her to be the One not no-one. I may get jealous. I don't think I will ever get a person like this in my life. I have my own insecurity that make me jealous. I want her to achieve her goal like she dreamed. I want to be her greatest supporter in every situation and of all time. I like to be always emotional available for her. if I don't be like these what is the meaning being her partner...? I don't think I will ever get a person like this. I want her to have average intelligence. I want her to be bravest women who can replace me.

It is always better not to keep any expectation. But it came automatically.

Like a old man says (Always keep this rule in mind):

"LOVE IS LIKE WINDNO-ONE KNOWS WHEN IT WILL CAME...IT WILL CAME WITHOUT ANY WARNNING.... MAYBE YOU MAY FALL or OTHERWAYS YOU WILL BE WASHED AWAY...".

CHAPTER 2

ENTRY

THE day has come after a long waiting... After the days in the school the first day of collage is today. The school was kind of ok...! The higher secondary school life teaches me lot more things than the things in books. I never been in a romantic relationship before. I have to many friends back in the school days. But there was only a number of people that was close to me... I have a best friend that I got in the last time of the school his name was 'Pranai'. He was the only contact that I have after the schools..... And after the schools I joined a collage which is not that far from my home. The collage looks cool from the outside.

It was the day of opening. Everyone is excited in my view. I am also excited for what I am going to experience. It is not a collage that I expected in my dreams. but I was ok with that. The opening day programs and ceremony was ok. After the ceremony we all are send to different classes where we are allotted to. I was allotted to a class of 60 students. The faces in the class where totally strange for me. We saw our class tutor she was smart and confident. She welcomed us all and introduced herself. And after the introduction we were told to leave. That night I was thinking about the next day like others, but deep in my mind someone says that "Your clock is ticking... ticktick....tick..... there is no time left..." And the next day I was all prepared to take my journey to a next level or to a next checkpoint.

I woke up early next morning. And I gone to the railway station to go to the collage. I wore a dress that is too dark for me. And at the station there is hemin and his father. **Hemin, He was a friend from my school days, we came from the same town, at school we were just friends who has 'hai bye relation'. Hemin, he is a cool boy of self-confidence who looks cool in the first view.** We all entered a train which was crowded too much. After aggressive war we reached the destination "KL 33". The collage was 2 km away from the station. Then we got the only bus in the collage route which is S.M. Then we reach the collage and his father return to home. We both stand in front of the collage like in the movies. 'Like a big collage in front and we looking at the collage in strange way, like a back shot'. And we look each other (everything was in the look) and entered the collage. He goes to his class and i goes to mine. I entered the class in 2nd floor it was a class allotted for MCA students, there are lot of faces which are strange. And I sit in a bench which has 4 seats. And there I **meet Anirudhan, has glass, look confident, look handsome and he was an atheist.** We share details and there comes the third

person it was **Adhi, looks active and have a humble voice. We know each other from the KEAM exam we conducted.** And the time has come for the introduction we three goes together and introduced each other.

And after the break I sit with another person. **Goutham, 6ft tall and hair was short, slim, and active.** And there we meet each other. After talking to him I realize that we both have the same dirty mindset. From the beginning he was looking at a girl in the next row I ask him about it and he say that she has a crush on her. she sat in front of a girl who has short hair. And later we talked about girls in the class. That topic takes more time than it should take. The conversation with him was more interesting than I thought. **Stantly Babu(babu), tall, friendly, funny, innocent, and sensitive person.** I memorize him during the introduction time. That day I met many boys. **Sai, has cute face and 6ft tall,** was selected as the boy-leader **and Diya, look smart and good looking, was selected as the girl-leader.** And I met Ashlin, Anupama, and Jinu. Sahira, Hafidha, Fathima I notices these names because they all have THATTAM(thattam enda weakness arunuu once) .That's all for the day. And I met others also but I don't remember others. When the class ends everyone leaves and I searched for hemin, after finding him we both gone to the railway station and get some food because we are starving. After a long conversation about girls in the collage we got the train and gone to home. That day ends smoothly. I thought I will engage in my own personal studies. I thought.....

The next day starts normally like the last day. We get to the collage usually that day also goes like other days. Didn't meet any new guys in my knowledge. After the lunch while sitting in the 2nd last bench with my boy or boys. I noticed a girl in left of me who wore blue top and black jeans, she has short hair(messy), she has a gold stud in the ears. I noticed her because of she has short hair. After, the class ends we gone to the station as usual. After that day also we get back home usually. For few days everything goes normally meeting people and other things. The friendship between hemin and me become more stronger than I expected. With in few days we became like brothers...

After few days, that day also starts like normal day. That day end more fast than usual and the last hour was cancelled. Most of the guys have gone home. But I stayed there because we are sharing Instagram id each other. At there I met **Roshna, spriggy haired, short and short-tempered girl.**

And there I met the mysterious short haired girl. **Her name was Ruby, average height, short hair, gold stud, messy hair, cute smile, (perfect smile with disorder teeth) looks smart, random girl.** She wore blue top which has "LEVEL UP" is printed in the center and there was

some kind of design in the right shoulder. I don't know why I remember these things. We meet and introduce each other. While talking to her I feel like talking to my sister or my best-friend. I was cent percent sure that she doesn't feels the same way.... Maybe 80% sure. It was kind of strange. There was a flashback that happened 2 days before, me and my friends from my schools gone to watch KGF P-2 my phone is in **Kailas (avg height, mess boy, good looking, padupi and always have childish mind)** dirty hand and he texted her with help of **Gowri (good looking, tall, and childish)**. They send her message and texted her something. When I get the phone there was nothing. They deleted the message and deleted the contact. Therefor I didn't know who they send or what they send the message. After some time I got the replay from Ruby saying "hai" and "pina sugamane"(with emoji). When I found that it was her, I fell shame. I don't know why I feel that way.

And she asked that "nee padicho?".

I replied that "no...dude".

That talk lasted 1min in my knowledge. It was a kind of normal talk between to 2 random people. It goes the way it should be. That's how I saved her phone number. That was the first talk between us. And sometime **later Jinu, kind of introvert girl who have specs, who looks like a padupi**. They texted her also.

she says that "fine...good".

That conversation ended faster than I thought. That was strange day for me I thought they will look at me like a Kozhi.... But everything goes smoothly than I expected.

That day in the collage goes normally like every-day. For the next few days we all become lot closer than we thought. I talked with my boys and my first girl-friend(friend) Ruby. We used to talk more than I expected. Maybe she feels free talk to me. When we talk, I realize that she has a good voice. But I didn't tell her that.

The next day in class the tutor told as to conduct a cultural-fest, at first i thought that it was kind of joke, then we realize that she was serious about it and everyone started planning programs like group dance, skit, group song, mime, and other programs. I decided not to take part in any of these because of the lack of talent. I don't know what to do... Miss want everyone to participate in any of the program. But I tried to escape from every interaction between her. After some time, Ruby appeared suddenly.

She asked: "eda nee padunoo anda kooda... group song und".

Replayed that “NO...”.

And in the meantime miss appear form somewhere...

Ruby asked: “edaa please oru male voice vanmm”.

Me: “anik padan ariyaila..... then how..?”

Ruby:”ayisheri..... ath onumm oru problem allaa”

I looked at her in a curious way.

Ruby: “eda anik noinod alla chothikan pattu...vara arodum chothikan ella...neyumm vara oninum ellalloo pina ethaa...”.

Then I realize that if I don't join Miss will make me join something more harder for me. So I waited for sometime for her to ask me more politely... then she asked and I joined. There was about 8 of us in group song. Which has 6 girls and 2 boys including me. But the other members have other program to do which need lot more practice. So they all gone to the practice during the practice time. At last it just three of us me, Ruby **and Aswin (inactive boy and silent and humble and a bit of idiot.)**. Just we three nothing else to do so we just sit in the canteen and talk. Most of the time Aswin disappear from there to meet his friends. Then at last it was just 2 of us (me and Chinnu). I have nowhere else to go I just sit there and talk with her.

Talking with her was kind of fun she used talk about J.B a lot and her family (sister1 and sister2 and brother). She used to talk about everything we used to talk about her dogs. She is a dog person But I just don't remember everything that I talk with her.

The current time was not good time for me. No one know my condition I was always dull and sob inside because of personal problems and the problems that I make. Problems are part of my life till plus-1 and plus-2 so I was very much comfortable.

After a small talk we leave. Before that she takes my phone and shared the Instagram id and we both leave.... Saying hai-bai..... around these days we got our uniform. We all started wearing those. It was almost a perfect match for me. But I used to wear full handed shirts in the schools but here it became half handed shirt. For her it was a perfect match. I don't really notice.

The next days these practice goes properly. In this time, we both was completely free we used to talk a lot about her family, JB and other things. She is dog person therefore we have a lot more to talk about it. She used to talk about Krishna her old friend in schools. She used to

talk about their school life in schools. She was the first person (girl) who I told about my fucking proposal in these random practice days. I proposed a girl who I don't love or care about.

She is also a person who love music. As I expected she sings and can also play guitar. But she doesn't have the confidence to take it to a next level. But i believed she will take it one day. We used to go to the bakery. She is not a person likes me. I don't love sweet items that much she is sweet person. So she don't eat the items that I used to eat. No puffs, no tea... but she says that she like cream bun. At first when she told me that I was like "what kind of girl is this...?". I go for a run with her cream bun. When we get the bun, i first hesitate but I take the first bite. I don't know how to explain. But it was awesome I really liked it. I feel thankful to her. But I never tell it to her. She may show attitude.

cream bun+ lime soda= stasifaction

I was also thankful to her for introducing it. Like i say, i will never tell her that.

Then onward talking to her feels like talking to a close friend of mine (not for her). Automatically my mind let her be my best- friend. She doesn't trust anyone completely (according to her). I don't know why she may have her own reason. But I trust her within this period of time. At the time she is my friend.

Then the day comes my birthday 7th august. But in the 6th august night I was editing photos. I only post photo in the Instagram when it is birthday. I was a bit confused at the photo. Meanwhile I was also talking to Ruby and I asked for help and she helped me with those photos. And I post the photo which she selected. And she asked for treat and I just agreed. I don't know why I agreed. I just don't have much money in my pocket. And then 12'o clock in the morning comes and everyone started to post wishes. It was my sister who wish me first as usual. Vivek was the 2nd who wishes me and he call me at that night. We talked for more than an hour.

And in the middle of the conversation he says that.

Vivek : ada myraa ninak oru avishaam vana njn ivida und.... Ninda oru phone call mathii njn agg varum.... Ath ninakum ariyam anikumm ariyam. ani koru avisham vanappo nee anda kooda ninitundso I will always be there for you.

His words make my day. He is not person like that who mess around. He is serious and also funny at the same time. I feel the bond between us. We are brothers from different mother. When I realize that There are people how care about me than my parents, It was a heavenly feeling. And that makes my day. Maybe other can't understand what I am says.

Maybe the boys can relate. Maybe this bond is for a small period of time, but it was lot stronger than you can imagine. Then I gone to sleep peacefully with that heavenly feeling. And the next day I wake up early in the morning and prepared for what is coming. Amma and Acha wishes me in the morning. Aacha gives me 500 for treats. And both the grandmas give me 500 each and there was 500 within me. Then there was total of 2000 in my hand. I think that money is enough. And we got the train and gone to college. On the way to the collage many of my friend wishes me. When the collage arrives, I was little bit afraid of what is coming.

When I get into the class everyone stood-up and give me a wishing song. It was strange for me. But I enjoyed it. And everyone asked for treat. And I said ok. After 2 hours the break comes. Stantly came to me asks for treat. I just say ok. Then he just grab me with his hands and take me to the straight to the canteen. Dropped me in front of the counter. When I look back there was everyone around me. And I just realize that I was fucked up. And i handover a 500bucks and told the keeper to give everyone what they want. After few moments there 0 puffs left in the canteen. Uff that was very tuf. Then we remember that Ruby doesn't eat puffs and I buy her something else. And buy **Anagha (brave, intelligent, vegetarian, smart and tall)** also something else.

In the class everyone giving money to the Sahira. She doesn't ask me for money. I think they are planning a cake for my birthday. And then I realize that I don't have that kind of connection with these guys. After that I just go with the flow. By the end of the day, I realize again that the money they collected is for cake. In the evening Ruby takes me to the canteen for the cake cutting. And there was also Karthik with me in the cutting. After the first cut on the cake all I see is the cake plate. After taking photo together and talking for some time. We all gone back to their home.

In the evening Sai and **Shifan(good looking, follows trend, sometime idiotic)** make buy 2 red bull for them. And we all wait for the bus. And hemin came and we both have decided to go to bar for chilling. And we all gone to the bus-stand. I say bye to others and we both go to the bathroom and change the shirt. Then we rush to the bar. When we entered it was like heaven. We have 6 peg vodka. And we both were very much satisfied. Here the bill comes. We both were shocked

It was bill of 800 bucks.....

After the shock I just pay the bill. Then we both went out. Everything in front of me looks clear. Everything was colorful. We helped each other and walk straight to the hotel

nearby. We were lucky by bus not hitting us. At the hotel, we have some nice food and we enjoyed it because we were half drunk. The hotel was more budget friendly than we expected.

When we got out. There was 150 RS left with us. So heroically decided to go to the bar again. We both have same mind in the meantime. And we rushed to the bar again. When we get there billing person say something that surprised us.

He says "sorry monaa numbaa koorach koduthall ane eduthaa"(we were like WTF happening Our eyes are covered in tears.....)

Then the biller return us 200 rs. So we decided to do something crazy. And we get drunk completely using that money. That was the first time I got drunk in the public. And we both helped each other. and we reached station and there **was Allen Domanic (tall, simple, clever and old friend from school)**. From there he helped us to get back to the MVK. When we arrived the station we hugged each other and gone to home with a happy face. When I got home, I just feel relax and goes through the day once again and go for a sleep. That was good, perfect day.

The next day, i was always with my boys in the class. we all kinda have same mindset. We hangout a lot and we used to talk about every topic and talk about everything. Some have love at first-site (excluding me). Some talk about party and drinks. I was part of every conversation.

I don't know what is love at first-site. I always search for perfection maybe. I always believe that love is something that came to our life without any warning or any announcement.

(This writing is all about my memory. Many things happened during those time. But I have been stuck with some memories that I had with Chinnu. I don't know why I remember those events but I just remember those. Maybe it's because she is like my best-friend. Maybe I have more about talking about those events. This writing is not readable for other. Or it is not understandable for others.)

Like is say the connection was stronger than I expected. I can say anything to her like i used to do with my male best-friends. Her best positive is she listen to everything even if she doesn't understand. she never judges. She is a bit of stupid sometime. But sometime she become lot intelligent than other for some selected topics. I don't remember what I was talking to her that time. But we talked a lot.

Like I say we used to talk while we were alone in the practice days. In those days I fell relax while talking to her.

One day we were talking for a while about the best bun she ate. And she went to her friends to see the practice. I was in canteen talking to sai and arjun. I was searching for her why because we were in middle of argument. But she was not there. She gone for a while. After sometime she appear in the enterence. She was looking for someone I thought she was looking for nandhana. But nandhana was not there. she was romming her head here and there. I notice her because I was looking efor her. In the meantime, she was looking to our spot and there and she look towards my side where I was sitting. And she sees me and came to me. Then I realize the truth that she was looking for me. I was shocked in the very moment. She came to me and sit near me and says...

Ruby: "nee evida arunu Njn kuraa nookii"

Me: "nee enaa anoo nokiya"

Ruby: "pina vera arayaa..."

I was really happy that she consider me as her close friend. I was really happy that I had a best-friend. We all used to go to the bus together. In the way to the bus-stop we all talk. Those time were perfect. Why because we all hang-out together (including girls and boys). Those time were perfect.

I always think about leaving the music group because I am not good at singing. But I stayed there I don't know why I do so. The music was tuff for me. Even if it is tuff I just give it a try. And i do my best. In the same time every one was singing perfectly. Karen and Ruby where the best among as. Ruby voice was just WOW. I didn't tell her then. The music goes the way it used to go. Miss tried to make as more perfect by practicing and consulting to senior.

In the mean time we me and hangout a lot like friends, going here and there, seeing others practicing.... Nothing more nothing less.... Even she was an extrovert. I was always happy to have her as my friend because I just trust her, I don't know why.... but I just trust her.

Days after, the fest was just perfect. Everyone done their best to make it better. The music, dance, all were just fine or better. Our song was just fine. Even I screw it up but others do well. Ruby's voice was lot more better than practice days. After the fest some of us gone to have food in the hotel. There was me, sai, arjun, suraj, stantly, Ruby, hafidha, roshna, nandhana, anagha and others. The biriyani was nice and we enjoy the food. But the bill a bit confusing but it went just fine. And we all went home happy-happy.

Between these days I and Pranai used to hang out sometime. We used to buy shawarma and go to the river side and eat and talk. He was only live contact that i used keep from my

12th. We talk about our old days which was memories now. While we talk, I talk about her. He was like blink, when I talk about her.

Pranai : “ethuva pare”.

Me: “Ruby”

Pranai : “good bro good bro.... nee para namaakk othiri samyam und ninakum anikum poitt oru panimm ellaa... kattallo”

Me: “ eda nothing special... but aval kolamm oru nala friend ane aval... oru average girl ”

Pranai : “Sandra polla anoo”

Me: “my*aaa... agana allaa.. avalaa pola onumm alla ival friendly ane cute ane.... edaa avall ADI POLI AYIT PODUMM katoo.... ”

Pranai : “ atha my*a love ano ninak..... ninak adhiyamayitt arodalumm crush thoniyoo ”

Me: “ eda agana onumm ella.. njagal nalla friends ane athraa ollu.... Ival avasanmm varaa kanumm ayirkumm igana thanaa....”

Pranai : “ohoooooooo ohoooo”

That night goes very well like all other days.

That night when I was sleeping I suddenly waked up and can't sleep after that. I don't know why I can't sleep. I tried to sleep for some time. Then I understand it is not going to work. So I open the road and gone to the balcony (we have balcony at the home). There is always a chair there for me to sit. So I just sit there and look at the sky. I just remember that day clearly. The sky was very clear. It was a full moon day. The neighbour-hood was silent. But there was the voice of birds from the tree and other insects. When I was sitting in the chair memories started to strike away through my site. Goes through the first day in collage. Goes through the practice days. And everything that happened in between that week started to rise. And started going through everything.

I don't have a daily friend, who I message every day and talk about the shit happened that day. Sometime there will be Ruby. But she may also have priorities. And there I am all alone. it feels great being lonely.

When I was walking in the terrace. I suddenly think about the conversation between me and pranai.

I think about that dialogue he said

Pranai : “ atha my*a love ano ninak..... ninak adhiyamayitt arodalumm crush thoniyoo ”

I started asking myself the same question. “do I have crush on her...?”

And i got the perfect answer suddenly and it was a huge “NO....”

Alter ego appear,

Ego: “dude why are you thinking like that....?”(imaginary person, who is made for better understanding)

Me : “ no.... fucking way.....”

Ego: “why.....”

Me : “bro she is not my type.....”

Ego: “yes that’s right ... maybe....”

Me: “she nothing like my expectation.... And by the way she is religious.....”

FLASHBACK

A day where the practice was going on. Like other days we both are talking in the canteen. She told “eda namkk auditorium vara poitt varamm baaa”. So we gone to the auditorium and there way Aswin with us. On the way towards auditorium while talking through the hill like road. Between some conversation She asked aswin “Eda nee Cristian alla... nee hindu ano”. When she says that I was shocked. As you know from the chapter 1 I am not a kind of person how ask such kind of question. And I asked her why she ask such a question. And she repaid that “njin vijarichuu avan Cristian ane ene”. In the very moment my mind “WTF..... she is religious... how does I let her be my friend..... ”. and I asked her “nee ithokk nokuvooo....?”. And she replayed that “eda agana alla njn oru marrage or relationship ok varumboo ith ok nokumm allatha onumm ella”. I feel like something happened to me while hearing this. Then realize it is the problem of the collage. Students of a religious collage will be religious. I feel shame of studying there in very moment.

Ego: “yeh we both know that..... so she is red flag ”

Me: “no bro... she my friend... I can’t do that. And she is idiotic some time... ”

Ego: “yah I know so.... pogan paraaa ”

Me: "that's good.... My girl in my dreams may come one day. I am waiting for that day....."

Ego: " me toowaiting for her....."

Then I got the answer for my question.

(but deep in my mind the confusion exist.... For no reason)

CHAPTER 3

The next day onwards the confusion started to arise from somewhere. The next day goes as usual. Somewhere around these days I **meet Roshini (twin sister of Roshna, messy hair, talkative, smart, and time consumer)**. Ruby introduces me to the Roshini. At the beginning I didn't believe that she is the twin of Roshna because they were not identical. During these days I talk with Roshini also.

One day we all are heading to the bus-stop. We all are trolling each other and talking each other. Me, Roshini and Ruby were talking and arguing about something so seriously. When we reached church some of us rushed to have water. And others just waited up there. Roshini went to drink water. But we both just stayed there and wait. And sometime Roshini goes with Nandhana and we both started moving forward. We were arguing about something but I don't remember what was that topic. And both of us started to walk and argue. We both waited for others catch up. They were lot more behind than usual. We were in front of the main road. We both want to cross road. The cars and two-wheelers where rushing through the road.

I was waiting for others to catch up. But she just says to cross the road. So I started looking the both side of the road.

Suddenly a hand grabbed my right hand from nowhere. And look to my right side and I was shocked. It was her.... It was Ruby. I don't know what I was feeling in the time. I stood still. Both of us wore uniform that day. She had messy hair that day. And in the mean-time suddenly moved forward grabbing my hand. I was not looking at the road or the vehicles that pass by. But I was looking at her. her face was covered in sweat. But her pink lips where very much bright that day, maybe because of the lip-bam. Even if she was like this, she was very much pretty for me. At the very moment I was looking at her and her hands. I think my soul just fallen for her. That road was more-wider than other days. I don't know why but that moment moves very slowly. I just love the way she is. In every way she may be just a random girl. But in that moment she was something else to me. Like an angle in the bible. Her eyes were more pretty. She may be a random for others (others say so) but she was something special for me. In the same time, I like to thank her father and mother for making her like that.

Then we both crossed the road. But that moment I was not there I was somewhere searching for answers. And I found nothing.

She asked: “ethoo patti bro nee oka anoo.....”

But I didn’t say anything. I don’t even look at her. My face was like I am seeing a ghost. I don’t know what was happening around me. But I just stood still.

And everyone came to bus-stop. And everyone was talking to each other. And I didn’t involve in any of this. After a small waiting the bus came and we all entered. And in the way to my bus stop I was somewhere else. And my stop came and I went out of the bus. I looked at her and she just waved at me. And I wave back.

In the way to the railway-station. I suddenly stopped because super came back to my mind.

Ego: “what is going on.... Can u please explain....?” (imaginary ego for better understanding)

I didn’t say anything.

Ego: “ok then u r in love man.... How did this happen...?”

Me: “I don’t know...?”

Ego: “what r u going to do...? Ninak prath ayii my*aaa...”

And I avoid the conversation and I walk straight.

When I make it to the railway-station. Hemin was there waiting for me. I just sit next to him. When he sees me, he offered tea. And we both rushed to the tea-stall. He ordered a 2 strong tea. we both sit there in a bench in the corner. He suddenly looks at me carefully for some time.

Hemin: “edaa macha... njn oru kariyam chothikataa...?”

Me: “kariyamooo... para... my*a...”

Hemin: “Sathyam.... Parayanmm...”

After a long silence between us.

Hemin: “ninak avala ishtamanoo...”

I suddenly look at him in a curious way. My heart was in a confusion mode. I don't know how to explain what I was thinking.

Me: "araa...?" (In a curious way.)

Hemin: "ninda Ruby ... avala kurich ane njn paranjath.. "

I was very much shocked when he says that.

Me: "rethada ... agana... chothichath..."

Hemin: "2 dhivasam ayii avalla kurich parayumboll nink agg chiriyaane... ithokaa njn kora kandathaa... ath kond kuduthal udayip irakall....."

Me: "nink okaa ethaadaa...? Anik ariyatha kond chothikuva..."

Hemin: "eda class thugagitt 1.5 mouths ayii...ithuvra illathaa rithi ane ninak ippo..."

Me: "eda avall enda ou nalla friend polaa ane"

Hemin: "njin pidicholamm"

I don't know what is happening around me. I don't know what I am going to do. Why he acted that way. I think he is right maybe... She is not my type. Did I really like her....? Did I love her...? I don't know. I never been in relationship before. In my school time I have seen many girls. But I never feel like this before. Is it because of her character, I don't know why. She will never feel like I do. My mind never been this confused before. Searching for answers.

Even these things happened I never flirted with her. or I never disrespect her. I don't know why I value her so much. I just don't know.... don't know. I never said anyone about this. No one knows.

That night was so tuff for me to sleep. But I sleep after a long confusion. But I just wake up in middle of the night and started to think about her automatically. I don't know why but I just did so. But I did tries to sleep for a long time. But it doesn't work that way I thought. I opened the door and entered my privet place. And I sit in my chair hearing some music ('dream it possible' by 'chloe 666'). Music fade after some time. And still my mind was in a confusion. Some questions started hunting me.

ARE YOU IN LOVE....?

OR IS IT JUST A INFATUATION.....?

SHE DESERVE BETTER.... I AM NOT A MATCH FOR HER..... IN EVERYWAY.....

WHY....?

The answers for those questions are somewhere in my heart. Maybe those answer can't be found. My mind started going through every possible answers. I started hitting all the doors for answers. I was unlucky. I didn't get anything. What all I found is more confusing QUESTIONS.

And I realize that, the answer I am searching for is not with me. Maybe I am overthinking. I just don't know what is happening to me. I just started roaming everywhere. Those question hunting came to a conclusion. Is she angel, or girl who have the ability to change my thought, behavior and my future. i don't know.

WHAT IS SPECIAL ABOUT HER.....?

IS SHE THE ONE GOD SEND FOR ME....?

WHAT SO SPECIAL...?

WHAT IS UNIQUE ABOUT HER...?

I started with a single question (why?) and at last it was a huge mountain of questions. After a long time, it came to an end. Why because I was very tired of starring at stars. But there was more than 100 stars (I was also counting). And atleast I gone to the bed. My eyes were open for while. My brain was trying to trying to take the correct decision.

The next day started as usual. After I arrived at the KL33 station we both rushed to the collage. When I arrived at the enterence of the collage, my mind was confused. Suffering from future cause. I was not ready to face her. when I get to the class, first person I saw was her. She was standing in the enterense of the class talking to some of her friend. And suddenly she looked at me. But I suddenly take the eyes off her. I don't know she noticed or not. Is it fear off facing her....? I don't know why I did something like that. I don't have feelings for her then why i do such a thing. When I get to the class everyone was busy doing their own work.

Some were using phone, some were chatting each other, some were playing game (freefire, pes ,etc). Everything moves as usual. Miss came and everything goes normal. In the first 2 hours I was busy taking to my boys. I didn't even think about her. After that the break came. We all rushed to the canteen. We always have a plot there to sit. Most of us may sit there and talk. At the time I was arguing with my boys for some silly matters. Suddenly someone sit next to me and hit me in my shoulder. I look suddenly.

It was Ruby the current conversation there. I didn't respond. After taking a good breath. I replayed to her question. We talk for some time and when she saw Roshini she rushed to her. The break came to an end and every one gone back to the class. And we all get to the class.

I was sitting in the class. Mam is teaching some topic, but in the mean-time I was not there (day dreaming).

Everything was fine. Going normally. Everything was perfect around me. what was not ok is 'me'. I was not ok. I don't know why it feels like that. I want to get back to the reality.

My mind was totally covered by her. Going through the memories. Going through her way of talking. Going through every point where I can find some peace.

After a vast argument with my mind. I came back to the senses where reality takes place. When I came back to the senses. Everything feels so wired. Everything was so loud. Everything annoying me like a maze.

I don't know why I remember these events. But I remember everything for no reason. But these memories make things beautiful than I expected.

Some days these types of things happen for no reason. But that question makes things more confusing (LOVE...?).

But I always keep the contact with her like a friend. In these days we used to talk about everything that in front of us. We used to be like best-friends or close-friends. It was kind of fun hanging out with her. Maybe she also felt the same way. But I don't have any intention to make this friendship into something else. I can't allow that to happen. In the same-time I have confusion in my mind. But I want things to go normal. We both are not a match in every aspect. There is nothing similar. We both are 2 kinda person living in 2 different life style. I just want to be her friend as long as I can. As long as she let me be.

And everything moves normally. Talking to her was kind of normal thing. Not only her i used to talk with other also. I was happy those days with them. But time with her was more relaxing than spending time with others. Whenever I talk about my insecurities she used to scold me. She makes me realize that my mindset was wrong about this topic. She convinced me in a different way... in a unique way. maybe It was a normal way... but my mind makes it unique. Make her unique. Make her different from others. I think I was falling for every simple thing she was doing. Maybe I have crush on her attitude. **Maybe be a crush on her.**

August and half of the September moves almost normally. And in this time, I conformed that I have a crush on her or I have attraction to her attitude, her hair and everything. In the mean-time I used to talk to everyone. Talks to her. but I never gives a sign to her that I have a crush her. Maybe it's my ego and insecurity make me do that. I don't want her to know. I knew that it may broke the friendship with her. I just want to make some good memories with her as perfect friends. That's all what I wanted. Maybe fear of losing her also exist inside me. I don't know.

One day after the class Hemin and I was sitting in the bakery having lime and snacks. I was thinking about her stupid unlogic talks. And I was also blushing I don't know why....? but I was. Maybe I was thinking about her. In the same time, I was also enjoying the cold lime. I was rotating the glass in my hands. Maybe I was acting so strangely. In the same moment I was also replaying to his questions. But I was also going through the past conversation with her. I don't know that he was observing my facial expression. But I keep doing the same thing. Then he suddenly...

Hemin: kuraa naramm ayii my*aaa... onn nirth... avandaa oru thollin*a chiri....

Me: ethuvada nee eee parayunath.....?

I remain silent for some time. I don't know what to say..... I just remain quiet.

He put a hand around my shoulder and tapped my shoulder. And he say.....

Hemin: ath ethaa sheriya katha...?

I don't know what to say to him. Many thoughts just pass through my eyes in a single second. My insecurities pass through my brain. I don't know why I thought so but I can't make that stop. She is very much pretty in her own ways or in my own way. But I am not the person she wants. She has many concepts, many conditions, many expectations and so on. But I am not that person in her expectations. But I don't know what to tell him. But he was looking into my eyes waiting for my reply. But i just stay still.

Hemin: kariyam paraaa... paraayatha namall pogilla ene orthonmm.....

I just keep my silent and broke the eye contact with him...

I have a smile in my face. I don't know why I was smiling...but I was blushing. I don't know where that all coming from. But it came..... hearing all this I don't know what to say. He was trying to convince me that I have no problems. I am perfect in some ways. Hemin was staring at me all this time. And I realize that he is waiting for my answer. I reply him in a shattered voice.....

We both are together for a long time. Within this time, we used to communicate a lot. He cares about me and I care about him. I don't know what is happening around me. But I can't tell him about the situation. But he is somehow trying to figure out the situation. It is always good to ask opinion from an experienced person. But I didn't ask. I don't know what to say...? I don't know how to describe...? I don't know what to do....?

I have never been in such a situation where I have no answers. But I like this situation because it is new for me. I have decided to keep it between myself because it is just infatuation maybe.

CHAPTER 4

Days later.....

It was the middle of September one day in class. It was a afternoon class miss came to the class. Everyone asked miss for free hour. Somehow everyone convinced miss. And she gives a game or challenge. We all were divided into four teams. We both were in different team. The game starts. The task was simple it was to memorize other teammate location. Our team participate first and came back to our seat. There was plenty time. There was Nandhana also in the team she came and sit next to me. I was friend with everyone. We both talks for some time and I ask her she has a boyfriend...? It was a random question to a friend. She answered me= NO. We both talk for a while. And she asked me.....

Nandhana: eda ninak aralumm istmanoo...?

And I didn't answer that question. I try to avoid that question. I don't know why i do so. But I didn't respond. I try to ignore her question. All of a suddenly many memories moves through my eyes. That past confusion emerges from nowhere and make me confuse.

She suddenly asks me the same question again.

Nandhana: edaaa Sathyam para ninakk agana arodumm onumm thonittilaa...?

I don't know what to do in the moment. But I answered her that.....

Me: ethaa enik feeling onumm varilla....

Nandhana: appo aroo undd... paraa... paraa...

In my mind says: UM*I

Me: edi agana arum ellaaa....

Nandhana: chumma kalam parayall.....

Me: edii agana okaa thonitundd pand.....

Suddenly from nowhere Devi, Fathima, Sona and other came from nowhere. Nandhana tells them that i love someone in the class. But I didn't tell her that the person is from this class.

All of them corner me and started asking me who it is....? And I don't know what to do in the very moment. Suddenly my eyes search for her and she was not in the class. I feel relax when she was not there in the class.

All of them: edaa parayadaa... ath araa ene paraa....

Araaa ayalumm namakk nokamm.....

And I got a sudden idea from nowhere.

Me: edii ath naratha schoolil padichaa orall anee... nattill..... negalkk ariyillaaaaa

Sona: edi chumathaa.....

Nandhana supported her. I don't know what to say. I was surrounded by everyone from both sides. I don't know how to escape. But I stay still like a statue.

Questions started rising from all corner.

EDA PARA ATH ARAA...?

EDAA AVALL EGANA IRIKUNAA....?

AVALKK ARIYAMOO... NINAK ISHTAAM ANE ENE...?

EDA NEE NINDA EGO MATTI AVALODD KARRIYAM... PARAA....?

AVAL ATHRAKK SPECIAL ANOOO....?

ENNA PINAA PARAYANDAA.....

NJAGAL KANDUPIDICHOLAMM....?

All of those questions make me think about her. I knew she was not there. I knew she is like my best friend. Her picture goes through my mind. That smile, that hair, and that stupid walking style. Everything goes through my mind.

I suddenly look at the class door to avoid those girls who were torturing me. At the same moment Ruby entered the class with sara in behind. After seeing her I got panic (today when I

remember that moment (she entering the class) song AYISHA CONFIRMS HER LOVE(from time: 30s OR from time: 1.38s from thattathil marayath plays in the background) and I don't want her to know about this. But I was also fallen at her entry to the class. I don't know what is happening but I look at her for second. And nandhana suddenly push me and told me..

Nandhana: arra enn paraa ellagill njn povaaaa.....

My lips doesn't move at the moment. And suddenly nandhana calls her name..... I look at nandhana strangely. And Ruby hear it and suddenly she approached us. My heart started beating more faster and faster. She was very pretty while approaching us. I just love that look. She came near us and ask....

Ruby: ivida ethaa oru udayipp....?

Suddenly from nowhere.....

MISS: ASWADEV ATHUVAA AVIDA GIRLS INDAA IDAKK PARUPADII.....

I try to go from there but Sahira doesn't let me go. And again that sound came.

MISS: ASWADEV NEE IGG BAA IVIDA IRIKK.....

All the boys are point at me. and calls me a KRISHNAN..... I suddenly go out of there. When I leave, everyone leaves (including Ruby and nandhana). At last, the topic ends and she doesn't hear anything what we are talking about. I feel very relax. And I decided to not to tell her about this ever.

When the day ends after that class. Everyone was busy going back to their home. As usual we all go to the canteen. Ruby was with me talking about something or arguing. After some time, Ruby goes somewhere with Roshni. I was talking with my boys. From nowhere Nandhana came to me and said....

Nandhana: edaa nee araa ene paranjilla.... Ennallumm njn ath ariyum kattaloo.....

All the boys where hearing this and they look at me in a strange way. I can read from their eyes that they need an explanation.

Goutham: athee ethuvaa....

Me: ath onumm ella njn chummatha oru kariyam paranjuuu.... Ath aval serious aayii kanduuu

Goutham: ath ethuvaaa.....

Me: aval parayunath anik arayoo isttama ene....

Goutham: athill anikumm cheriya samshayam... ok und....

Sai: ath anikumm thonunudd....

Me: ethuvada agana onumm ella..... anik arodum onumm thonilaa

Sai: ath etha nee.... Kund** anoo.....?

Me: ath alla... agana onumm ellaaa....

Goutham: ath alle paranja nee kund** ano ene

Me: agana allaaa... aniik aroduumm love and affection onumm ella ene...(mean whioe my mind was questioning me.)

Me: ith ivida nirthh.... Anda lifill panne ellaa....

Sai, goutham: best kana... best....

That conversation end there. I don't know why I lied to them. Maybe I just don't want anyone to know about it.

Things around me started to change. Its not change. Everything around me started to get better. I don't know how that happened. But I started to enjoy every single moment. Moments with her, moments with my boys, moments when I am in my own imaginary word, even I started to enjoy every un enjoyable moment in my life.

Is it all because of her. No, its not. It is all because of her strange behavior (🤪). Maybe we can say that she is crazy. Sometime mature. Sometime the most stupid one in the world.....

Those 5 or 6 days was very strange for me. maybe beautiful days I don't know how long it will go. I knew that something is coming straight to me from far. I was completely ready to face any kind of obstacle.

My mind was very normal these days. I was enjoying every moment in my life. I don't care about the after effects. I knew that some dark days are coming. I knew that it will came to my life without any announcement. I was ready to face it because I am a strong person(comedy). I should be strong for her. FOR WHAT...?

I DON'T KNOW....?

Day by day I was falling for her. I don't know what she is or what she really looks like. I just saw only a 10% for her. That 10% is enough for me to fall for her. She looks so beautiful for me in every way in that 10%.

IN THAT 10% SHE BECAME THE MOST BEAUTIFUL GIRL I HAVE EVER SAW IN MY LIFE.

Some days later, when I was sitting in the canteen with sai, goutham, and anurudhan and all the boys was there. We were talking about something so seriously. Hemin was standing in opposite side of the canteen. I don't know he was there. T

Then after some time the bell rings. And everyone started going back to their classes. But some of us was still there talking to each other. She was talking to her friends. I was talking to my boys and other gone back to the class.

Hemin was going back to the class. On the way he has to pass through me. When he reached us. He just tells me that.

Hemin: ethuvaa ppd...

Me: onumilla...

He looks at the girls where Ruby, hafidha, nandhan and other girls are gathered around.

Hemin: dhoo ninda pane nillkunuu.... Agott nokii irikkk....

And suddenly someone came and he goes with them. And when i look back to my boys they were looking at me at in a strange way.

They were like WHAT THE FU*K....

I was like WHY THE FU*K HE DO THAT....

I was scared of the questions from them. So I decided to answer before asking the question.

After a moment of silence....

Me: eda avan chummatha paranjathaa... agana onumm ella ... inni athill pidikndaaa...

Goutham: athin njagal onumm chothichilloloo

Sai: appo conform ayallo avan arayoo ishtama ene....

Then I realize that they don't know the exact person. They don't know that it was her. I want them to know that. I don't know why.

Sai: nandhana... allaa...hafidha allaaaa...

Anurudhan: Sahira ayirikilla.....

Me: eda agana onumm ellaa.... Agana ethalumm undagill njn negalodd adhyam parayumm poraa...

I was lying to them. Mainly I don't lie then why I lie? I don't know...? Maybe I don't want anyone to know about my affection or my love. But if this feeling is going to be here. Then I have to tell them.

When we get back to the class. 4 of us was together in a bench. After some time goutham.

Goutham: ne agana kalam parayunath allaloo...

Me: ya bro njn agana kalam onumm parayarr ella

Goutham: pina ethina ippo kalam parayuna.... Njagalkk manasillayi....

Goutham: serious ano allayo ene anik ariyilla...

Me: eda time ayilla... time akumbo parayamm... anik etha chaiyandaa.....

Goutham: Ruby alle ath.....?

I didn't answer that question. Because I was in a huge confusion. About my feeling towards her. Those questions were hunting me like tiger. I knew that I has to tell my boys about the situation.

After few days, when I was sitting in the varatha of the collage. There was a small rain going on. I was just enjoying each drop of water drop that falling from the sky. I have a small blush in my face. I don't know why I was blushing. Maybe I was thinking about her. thinking about the conversation between us. I was just going through every word came from her mouth. Maybe I can say that I was enjoying her.

At the same time there was only some in the varatha. Then I look to my right side, she was standing there talking to pooja. When she saw that I was looking at her. she suddenly came to me.

She came to me and hit my shoulder and tells...

Ruby: njn oru kariyam arinjallo...?

Me: eth kariyamm.....

Ruby: ninak oru valiya rahasiyam und ene.....(she had a cute smile in her face. Which was fabulous.)

Me: ath ethuva...?

Ruby: ninak araayoo ishtam ane ene

Me: ooo athoo.....

Ruby: so appo agana oru kariyam und alle....

I was very much panic at the very moment. I don't know what to tell her. Did she have any doubts...? She will never think that it was her in my mind.

Me: edi agana onum ella ketto..

Ruby: agana parayanjuu odanda kettoo....

Me: try understand bro... agana onumm ellaa....

I don't know why I call her 'bro'. Maybe it is because of the friendship between us. Also, I used to call her 'bro' even if she is a girl.

Ruby: eda para ath ara en...

Me: edi agana orall ellaaaa... pinna egana njn parayuna....?

Ruby: ooooo... agana onum parayundaaa.... Ninak ethoo unddd... ath urappaaaa....

Me: ohoo..... ok ... namkk nokamm....

Ruby: nokammm

By the god sake, roshini came out of nowhere and take Ruby with her and gone somewhere. In the mean-time, I thank the god for sending roshna. And I started thinking about the next conversation with her. Today onwards she will try to make confess.

Am I going to confess to her that 'I love her'.

I am feeling something different when she is around or when I saw her, or when I think about her. Is this how the real love looks like?

Or am I just thinking all these things in my head.

Maybe I am the one who is going to destroy this friendship. Maybe she is the one who is going to hold this bond.

I don't know why I am thinking about all these things. Am I really afraid of losing that friendship. Did I give her that much value?

When I reach back to my class. She was there talking to someone. I just pretend like I don't notice her. when I was about to pass her by. She suddenly turned around and tell me.

Ruby: eda... njn pidichollam ketto....

She is still thinking about that and I don't know why. I think she have no other things to manage. I just like the way she always handles the things around her. she always had a smile in her face which is her identity.

RUBY WITHOUT THAT CUTE SMILE IS NOTHING.

Or maybe that smile is the first thing that make me in love. When I see that smile I feel blush. I don't know why I feel blush. Maybe that blushness is because of her cuteness. Maybe I go to class daily to see that cuteness. If I start to talk about her cute face. It is not going to end in 10 pages.

Then I go back to my seat and there was sai and goutham. They were about start a conversation. Then they began and i just go with flow.

The talk was going fine until they ask me.

Sai and goutham: namall ethokaa thurann pranjalum chillar und namallod onumm paryillaaa.....

I understand what they are talking about. Even if I know.

Me: ath araa.... Oonumm thuranu parayathaaa....

Then i realize that the time has come. I think this is the time to confess. Do I have to...?

Goutham: eda ninak parayan pattumboo paranjall mathii..... but ith athrakk nalath alla

Anurudhan: mmmm.....mmmmmm

I just informed them that I love someone. But I didn't tell them who it was.... When I was talking to them, she passed through my sight 10 times. Each time she passes through my sight I smile. The smile came because of no reason.

That day ends so strangely I don't know why.... but it was a strange day.

When I came back to my home. there was a message in my notification bar. It was message from her. I was so surprised by her message. I felt so excited and at the same time I felt like something is off. She never used to message me first. Most of the time I am the one who used to message her first. I am the one who always do starting punch(starting message). And after some I replay to that message. And she suddenly asked...

Ruby: eda ath araaa... nee ath enod para....

Me: edi agana oru kariyam ellaaaa.....

Ruby: sathyam paraa... ath araaa?

I didn't answer that msg. if I answer that question. The next question will be more complected. So I didn't respond. She didn't ask me why don't replay to her message.

The next day when I entered the class she was there. She looks at me and didn't even smile at me. That hurts me. That morning I missed that smile. When I didn't get that smile, I feel something missing. Maybe that smile is the one thing which make my day. I didn't go to her and she didn't come to me. In the 1st 2 hours I was thinking about the missing smile of that day.

When we all are in the canteen chatting each other. she was also there talking with riya of b.com. and I was talking to bobby.

Then after sometime the bell rings and everyone started moving back to the class. While walking back to the class. We both (me and Ruby) meet in the entrance of the collage. I saw her first. When she saw me she asked me about the message

Ruby: nee etha njn ayacha msginn replay tharanjaa.... Anik ariyamm....

Me: njn maranuu poi messaginda kariyamm.....

Ruby: ohooo... ath kond onumm alla ene anikum ariyam ninakumm ariyamm.... Nee njn ninada dream girl inaa kurich paranja Konda alle

Me: alla... Sathyam paranjaa njn maranuuu poi(it was a lie)

Ruby: enna pinaa athh ara enee...

Me: what....?

Ruby: eda agana oru person undo...?

Me: undagill...!

Ruby: Sathyam para?

Me: cheriya oru ishtamm und...

Ruby: ena para ath araa...?

I really want to tell her that "it is you". But I can't. I don't know why. In the very moment I want say it out that" I LOVE YOU ". but when I think about the after effects I don't want her to know.

Then we reach the class and she tells me.

Ruby: vayikitt paranjall mathii....

I don't know how to answer that question. But I just shake my head and make her go inside. For the next 4 hours I was thinking about the questions she is going to ask me and how am I going to lie to her face that I love someone else. I don't know. But mind was going through every possible way to face her. I don't want to lie to her. I don't want her to be a fool in front of me.

In the evening after the class I was sitting in the canteen, other were also there. Everyone was busy in their own way. I was sitting there and chatting with roshna and others. Nandh8an and Ruby where standing there and they were talking very seriously.

After some time nandhan calls me closer. I don't know why she was calling. I just went to her to know the reason why she calls me.....

Ruby: edaa ivalk etho chothiknmm ene....

Nandhana: eda nee Sathyam para... araya nee nokunaa....?

Me: ninak ariyanoo....?

Nandhan: aa para enaa....

Me: ath nee anagillo... ath oru prashnm anoo...?

Ruby looks seriously. I think she believed that. And nandhana suddenly responded.

Nandhan: edaa agana vvellom undagill anik ottum thalpariyam ella..... njn adhiyama paranjakamm...

Me: enna ok...

Mean time I have a smile in my face. How dare she say such thing to me. I don't even have any feeling for her. I don't even consider. Maybe Ruby is lot better than nandhana. In many ways. How can I love her...?

I have feelings, but not for nandhana But I do have feelings for the girl who is beside nandhana. Her name is Ruby. The girl who makes me fall in love.

She was there just beside her. as a replay to nandhana I want to tell her that it is her that I love. She is the girl who makes me fall. And I just wanted to see both there face while I say. but I don't.

I JUST WANT TO SAY THAT 'I LOVE RUBY' 'SHE IS THE GIRL I LOVE'

But I don't want her to know....

CHAPTER 5

All these, time I was lying to everyone. I don't want anyone to know about this. Maybe I want things to be privet. All these things came out of know where and struck my soul. I knew that she is never going feel like me. Maybe it is because of the rejection I fear, maybe it is the ego(complex) that prevent me, maybe it is the friendship that keep me like this. I though, that it may cause the friendship to end.

I just want to make some good memories and just go through the collage life. Some good memories are more long lasting. Maybe I already got some good memories with her. maybe not. i don't know where this ride gonna take me to. But I knew one think that she may hate me one day. She may avoid me one day. She may never smile at me. That smile is the one thing that make my day.

One day when I get back to my home. I got a message. It was her.

Ruby: eda nee parayundoo...?

Me: enth...?

Ruby: ath ara ene? ninak eenod paranjuda.... Njn arodum parayilla(usual dialoge from someone to know something)

Me: nothing special....oru cheriya infactuation und.. that's all...

Ruby: ath kolamm baki para...

Me: baki eth...?

Ruby: ath nandhana anooo... ayirikilla enalum...

Me: onn o+podu avalod onumm enik thonillaaa...

Ruby: ath ethaa... aval ninada type alle..?

Me: typeooo...? There nothing called type in romance or love.... It is feeling that make us happy..

I don't know why I am telling all these things. It is very hard to tell a person you love about your love. It was very much hard. I don't know how to lie to her.

Ruby: athokaa anik ariyamm....

Me: edii... nee parayunapola onumm ellaaa... anik collagill arodumm onumm elaaa... (which was stupid lie.)

Ruby: pinaa.....?

Suddenly i realize that I need a answer. I have nothing in my mind.

Ruby: confess bro.....

Me: edii ath ivida nattill ulla orukutti anee...(lie number 2)

Ruby: ena par para..?

Me: Aleena...?(lie number 3)

Ruby: sathyamm anoo avooo...?

Me: venamagill vishwasichall mathiii....!

Ruby: Sathyam para ninda aa Koch Chinju alle...?

Where does she get that name? Chinju is my old from schools. She may think because of that. But why....?

Me: ethalum undagill njn ninod parayumm nee padikndaa...?

Suddenly I deviated the topic and we talk about something else. That day also passed like a normal day.

The next day was a exciting day why because, that day I promised goutham that I will tell him about her. We 4 planned to go to the have mandhi that day. I knew that I can't keep it as a secret from them for a long time. And it is better to tell them. Maybe it can give me a little relief. I don't know how am I going to tell them. It is all because of my insecurity that makes me fear.

Maybe we can say that this is the day of confession to my boys.

That day was normal day, boys behave normally. In middle of the class they remind me about the confession. I told them that.

Me: I HAVE ONLY ONE DAD

Even I told them a mass dialogue, I still don't have any proper reasons.

After 4 hours of annoying class, the class ended and everyone started to leave to home. we 4 have already decided to have food outside. Primary target of going was my confession about my affection (my priceless person). After the class we all are talking in canteen, she was also part of it. After some time, some of them go to somewhere and there was just four of us, (me, Ruby, hafidha, and nandhana). Suddenly nandhana asks me.

Nandhana: eda ethoo ayii ne paranjoo....?

Me: edii neghal ok ath vid....

Ruby: ayo njn maranuu poi..... short memory ane anik..... ariyamallo...

Nandhana: ninod alla.... Avan parayataaaa.....para..

I don't know what to say or what to do.

Me: ath okaa athindaa vazhikk pogunud.....(those words came out of nowhere).

Ruby: ayisherii.....

Nandhana (at the same time): ena para..... njn anooo....?

Me: onn podii chummma... kalikathaa....?

At the same time my boys came to me and i stand up for leaving and they also do so with me.

Nandhana: edaa nee kariyam paranjitt po...

We all started walking to the stop which about 1 km away. At the same time I was thinking about the question rain which they about begin. While walking.

Nandhana: avala kanan adipolii anoo...?

Ruby: arikumalloo...!

When Ruby says that, I look at her and ...

Me: pinaa.... Agana chothichall..... pinaaaval adipolii aneeee.... Aval adipoli ayath kond alle anik istapattaa....

Ruby was hearing all this and didn't tell a word. Then we reach the stop. Nandhana says good bye in strange way and gone.

Then Ruby: eda ath araa ath para.... Aranagilumm namk set chaiyamm.....

Me: edii agana onumm ellaaa.. ath vera orall anne(but the person was right in front of me).

Ruby: ayishri.....

Then after a minute the bus came. And we all rush to the station. And the 4 of us go to the hotel to have food.

When we reach there, we sit in a corner and order mandhi for everyone. After sometime the order came. We all are talking about something so seriously and we started to have the food. After sometime goutham remind me about my confession. I didn't say anything. I take a minute to replay.

Me: ok then, ithraa ollu..... ninak orala ishtam ane ene vijarikk...

Goutham: brief ayitt onn parayamoo....

For the next hour I talk about the situation and story behind my head. They tell their suggestions and I tell my opinion. They judge me, they try to make me understand. But I just hear it all and didn't even whisper anything. I don't know what to say. The main point they noted was she is RELIGIOUS.

She is good looking, looks like mature, look like modern thoughted girl. Everything may look perfect. But something was off. People may never think that she has religious bullshit. But she has! That is what they say also.

They say: YOU ARE GONNA HURT YOURSELF.... JUST THINK ABOUT IT AGAIN, AND AGAIN....

Those words have everything in it. It is going to hurt me. It may trouble my sleep. It's all depends on my decisions.

Am I going to take decisions wisely...?

Am I going to mess up everything...?

Maybe I will lost her forever...?

Maybe she will avoid me...?

Whatever is going to happen I am ready to face it....

We all got out of the hotel and we all spread to different directions. I got to station after some time. And I sit on a bench and think about, what is going to happened...? Many things started going through my eyes in a single second and I distract myself by hearing music.

After 2 songs a notification sound emerge from nowhere and I look at the phone notification bar. It was her "edaa..." after that another message came.

Ruby: eda njn oru kariyam chothichall Sathyam parayumoo

Me: Nee chodikan pogunaa kariyaam ethuvaa

I don't know how i am going to manage this situation. I have to make this normal, if I don't, I am going to be nuisance for her. I want to make her comfortable around me. she will come again. She has some curiosity issues. Which is cute to hear it from her. if I tell her the truth I may loose her. That fear of loosing her make my mind disturbed. I don't know what to do...? This was the first time I feel like lack of answers. Answer which is simple but pain full and I can't figure out that simple answers.

It is really pain full to loose people which you love and get avoided by the that people.

I don't know why I was predicting those future. Maybe I was avoiding the future avoiding.

Is she gonna avoid me..?

What will be my condition if those things started to came true. I am a person who depend on some people who are close to me. I don't replace people which are around me. I am consistent to the people around me. I am a consistent friend for her. I am not planning to tell her anything.

She is person which don't think about anything at the starting. She is a late thinker. She always thinks about the reality after acting strangely in the beginning.

Every person has their own negatives and the matured people are the one who always accept our negatives and stand with us in every complicated situation. I want to be that person for her.

Like I said I don't know where it started and I don't know where it is taking me to. The path will be more harder than my expectation. My head is getting heavier and heavier each day. At the same time, I was enjoying each and every moment with her and with my boys and with

myself. I always loved the lonely time with myself. I always take the most powerful the lonely time or in the dark.

I was not ready to confess and I am not going to tell her anything in any way. I think it is better to keep it myself. Maybe that is painful, maybe it is the right thing to do. Am I ready to suffer all that?

After that She doesn't start talk about it for few days. Maybe she forgot about that. Maybe she is waiting for the right time to make me say. we used to talk every day. Each and every day was special for me. she makes my day more beautiful in a different way. She helps me mature. She doesn't do all this intentionally. I can say that she is unique in her own way.

It was the beginning of the October, we used to talk more than I expected. We talk about everything. Even a small balloon was a subject of our conversation. Every conversation between as makes me more interesting about her. I used to send her reels and she react to every one of them. Sometimes she also sends me reels.

One day, I send her a reel, which offer 5 truth. It was just a random reel for me. that reel was sends to many others also.

When she this reel she saw that reel as an opportunity to make me say the truth. When she saw that reel she text me.

Ruby: sherikum nee parayumoo...

Me: njn kalam onumm agana onumm parayar ella.....

Ruby: urapp anoo.....?

Me: I don't lie, maybe I avoid the question, but I will never lie.....

Ruby: ayisheri.....

Me: ethadi ninak vellom chothikan undo....

Ruby: undagill....! Nee Sathyam parayumoo...?

Me: nokata parayan pattunath anagill parayumm....

Ruby: Sathyam parayumoo ellayo.....

Me: aaaa parayamm... chodikk....

I was 50% sure that she was going to ask me about my love, and the person I love. I was very afraid about her question she is about to ask.

Ruby: venda naritt kanumboo njn chothicholamm....

Me: venda ippam chothikk... parayan pattumoo ene nokanda

Ruby: kanumboo mathii... athin arikumm better experience.

Me: ohoo ok.....

I was very afraid of her question. If that question is there. I has to avoid those question somehow...

In the same night I was in the balcony looking at the glass. Suddenly my phone rings, it was pranai. I didn't expect that call from him.

Pranai: edaa mona etha ppd...

Me: chumma ivida igana irikuva....

That conversation last longer than I expected. We talk about our school days and the night rides I have with him. And he ask me.

Pranai: ninda Koch ethoo parayunuu.....

Me: sugam ane ene thonunu....

Pranai : nee avalod paranjoo.... Ninak avala ishtam ane ene (he has an ugly smile in his face)

Me: edaa... enik sherikumm avala ishtam ane.....

Pranai: poda nee chumma parayalll....

Me: kurach kariyam und....

I talk to him about the situation, talk about her, talk about behavior, talk about her exploding smile and everything... and told him about my current situation about the 5 questions. He hear everything and replay.

Pranai: ninak sherikumm avala agg ishtapatuu alle... athill onumm chaiyan pattila....

Me: njn eth chaiyanm avalod parayanoo.... Nee para...

Pranai: ninak eth thonunu....

Me: edaa avod paranjillagill... aval ath vidilla.... And anik avala oru potti akki nerthandaa....avaluda eduth anik kalam parayan valiya thalpariyam ella....

Pranai: avlod agg para... problem solve ayilla.....

Me: manasillayi vro anik.....namak nokamm...

Pranai: ithoo ayalum ne chithich... ninak ullath chaikum....

That conversation ends there. I go through the after affects.

The next day was a normal day for me at the beginning. She came to me in the canteen in the break time and ask me about the question and I didn't tell her about anything, by the god sake someone came and take her with them. In the evening, she came to me again and ask me about the question, again by the gods sake. Her achachan call her and she rushed to her dad. I simply escaped from her that day. But I realize that she was very much curious about the question and my replay.

That night while I was romming in the balcony. I called krishnadas and told him everything.

Krishnadas: nee avala kurich parayuna polla allao... ninak ithrakk ishtam anoo....?

Me: ya vro, anik ariyilla ith egana vanath ene, but vanu.... Eda anik ippo etho chaikum ene ariyilla...

I don't know what to do. But I can't lie to her anymore.

Ego: Are you really going to tell her about it...?

Me: Ya I am.... Its better than hiding...

Ego: So tell her, but make sure that don't lose the friendship..

Me: Ya... I will....

That night was very tough for me. I was thinking about how I am going to tell her?

How is she going to respond to it...?

To many questions move through my eyes. Only thing that makes sense was ...

I LOVE HER.

The next day, I made my mind prepared to tell her. But I was in pain. What if she slap me? what if she never talk to me? such questions were roaming around my head. But I was ready to face anything. So I entered the class.

She was not in the class. She was not there in the 1st hour. And I got a message from her in the class time.

Ruby: eda njan kurach late akum ketto.....

Me: aadhi set...

Ruby: inn paranjanm mariythakk... kettalo njan agaoth varumm....

I don't know what to say to her so I don't reply to her message. I have decided to tell her, but I don't know how to tell her.

In the 2nd hour she entered the class. She looks very much pretty that day. I don't know why she looks so pretty. Maybe my brain makes her beautiful. My brain may accept her as the most beautiful. Most beautiful through my eyes. She entered the class and went to Roshna and sat with her.

In the 2nd hour I told my boys. They were very happy to hear that and made me all set to say "I LOVE YOU". I was not ready to tell them anything. Fear of losing that friendship and losing her hurts me harder than I think. What am I about to do today?

In the break we all went to the canteen, but I avoided the conversation with her. I think she also forgot that. At the end of the break, she suddenly appeared in front of me from nowhere.

Ruby: etha avoid chaiyuvanoo....?

Me: agana onumm ella...

Ruby: ippo samyam ellaloo... so lunch breakin parayan keto....

Me: namak allogikamm.....

Ruby: thinking onumm ellaa... agg paranjall mathi....

After that the bell rings and we all went to class. The next 2 hours move faster than I think. The lunch break came and we all have our meal and we went back to our spot in the canteen. There was Goutham, Sai and me. After sometime I look at the entrance there she was coming. She came to the canteen and came to me after some time. She approached me and started.

Ruby: ba ba para... araa ene para...?

Goutham; anik thonunila avan parayumm ene....

Ruby: promise chaitathaaa avan so avan parayumm...

Sai: athe... athe.....

Ruby: nee parayillee....

Me: aa parayamm nokm....

Ruby: ena para ath ara

I suddenly got an idea.

Me: ath lastill parayam..... baki ulla 4 question chothikk...

Ruby: at ippo ethoo chodikana.....

Me; nee chothoikk enitt parayamm njn ath...

Goutham: edaa para avalodd...

Me: no

Goutham; edii ethalumm okaaa chothikk....

She somehow managed to ask me 4 questions with help of goutham and sai. In the sametime I thought that” why I send that reel....?” Before her last question the bell rings and everyone rushed to the classes. I told her.

Me: edi njn class kazhinjuu parayamm.....ketooo

Ruby: set... athraa ollu... njn inn ariyatha pogilla....

That makes me fear....

In the way to the class, supper asked.

Ego: WHAT IS SO SPECIAL ABOUT HER?

ME: THROUGH MY EYES, EVERYTHING IS SPECIAL ABOUT HER. HER SMILE MAKES MY DAY. HER BLASTING LAUGH MAKES ME DREAM. HER MESSY HAIR MAKES ME ADMIRE. HER MAKES ME UNDERSTAND LOVE. HER ATTRACTIVE EYES MAKE ME FALL IN LOVE. HER 2 SIGNATURE SPOTS IN THE RIGHT OF THE FACE MAKES ME AFFECTED. HER FROGGY WALK MAKES ME FEEL RELAXED. EVEN HER FOOLISH TALK MAKE HER PERFECT.HER SINGLE CROOKED TOOTH MAKES ME SMILE. ALL THESE MAKE HER PERFECT. IF SOMEONE ASKS ME ABOUT THE PERFECT GIRL, MY MIND MIGHT SHOWS HER IN THE SPEED OF THE LIGHTING.

PERFECTION IS NOT THE WORD FOR HER, SHE IS BEYOND PERFECTION.

SHE IS A TOTALL PACKAGE. I WANT SHOW THE WORLD THAT I LOVE GIRL WHICH IS MORE PERFECT THAN THE MONALISA IN MY HEART.

WHEN I AM KILOMETERS AWAY FROM HER, BUT STILL I CAN SEE HER BRIGHTNESS OF SMILE AND THE BEAUTY OF HER MESSY HAIR THROUGH MY EXCITED EYES.

SHE STOLE MY HEART AND RUN AWAY WITH IT. IF SHE IS A FLOWER I WILL BECOME A BEE WHICH WANT TO BE AROUND HER. THE BEE WHICH TAKECARE OF HER IN ANY CIRCUMSTANCES. THE BEE WHICH PROTECTs THE FLOWER FROM THE ANY HARM.

WHEN I AM NEAR HER, SHE ATTRACTS ME LIKE A HUNDRED SUNS, AND I FEEL LIKE JUST AN IN HER BRIGHTNESS. HER BRIGHTNESS TURNS MY SOUL INTO ASHES.

NOW SAY IS SHE NOT PERFECT OR SPECIAL...

Ego: SHE IS THE SIGNATURE OF BEAUTY AND PERFECCION IN YOUR MIND.

LOVE IS ALL ABOUT THAT PERSON, NOT ABOUT THEIR SURROUNDING OR ANYOTHER THINGS.

ME: I LOVE HER ALWAYS DO.....BECAUSE IT'S HER.... MY LOVE IS ALWAYS VERY SPECIAL TO ME....
